Join us virtually or in person at the [San Diego County Farm Bureau](#)

420 S. Broadway, Escondido CA 92025

The Healthy Soils Program (HSP) helps California farmers and ranchers to implement conservation practices that improve soil health, sequester carbon and reduce greenhouse gas emissions.

- HSP application assistance is **FREE** for farmers and ranchers
- Receive up to \$100,000 in funding for an HSP Incentives Grant
- Receive up to \$250,000 in funding for an HSP Demonstration Grant
- \$50 million in grant funding will be available in total
- [Many practices accepted](#) such as applying compost or planting windbreaks
- Project implementation is expected to begin Summer 2022

Presenters will summarize the benefits of soil conservation practices and guide participants through the CDFA HSP application process.

This is a competitive, first come, first serve application process.

The application cycle is not yet open, so start to prepare now!

[Visit the official CDFA website for program updates.](#)
